

THE SPIRITUAL MAGAZIN

SPIRITUALISM is based on the cardinal fact of spirit communion and influx; it effort to discover all truth relating to man's spiritual nature, capacities, relations, welfare, and destiny; and its application to a regenerate life. It recognises a *con*. Divine inspiration in man; it aims through a careful reverent study of facts, at a knowl the laws and principles which govern the occult forces of the universe; of the relations o to matter, and of man to God and the spiritual world. It is thus catholic and prog leading to true religion as at one with the highest philosophy.
